

# IMMEDIATE ACTION KIT

## BY WMDTECH

### One stop solution for the necessary tools Technicians need for response in a tactical environment

The Immediate Action Kit was designed & developed in partnership with ADS inc. Each item in the kit was hand selected and positioned for ease of access and successful response.

The kit contains everything needed for dismounted missions; immediate action tools, tactical disruptors, First Line tool kit, tactical rigging kits, etc. Also included, are the popular Breakaway Pulleys and Carbon Fire Disruptors developed by WMDTech. Within the kit you will also find many high quality brands such as Gerber, Leatherman, Garrett and London Bridge Trading.
